

# MERIDIAN HOME with HOPE

Supported Recovery Treatment

**Home With Hope** offers a 120-day recovery program where residents work closely with on-site Case Managers to build skills for long term success. Residents develop life skills, seek gainful employment, learn financial planning including budgeting and strengthen coping strategies to support their recovery.

The continuum of care provided through Meridian Health Services cultivates a structured, supportive environment that promotes long term recovery. If you or someone you know is in need of help and could benefit from one of the Home with Hope programs, please contact:
